FieldDays Admin Tool

Data quality for Time of Territory data is highly relevant when utilizing BI tools and global reporting. It has however proven to be tricky to register all public holidays, which can easily effect your teams efficiency numbers. We developed a tool that mass loads all this data in a few simple steps.

Come by our booth during the Veeva Commercial & Medical Summit to hear about our special deal.

MyInsight Reports

We believe in data-driven decisions. Provide your teams with real time, actionable insights on their progress, directly in Veeva iRep. We have created easy to read field focused MyInsights report to display the most relevant KPIs for your salespeople to act upon.
