Advanced Intelligence in Veeva Commercial Cloud to Transform Customer Engagement

AI-driven applications enable a new era of intelligent engagement

PHILADELPHIA — 2019 Veeva Commercial & Medical Summit — May 14, 2019 — **Veeva Systems** (NYSE:VEEV) today announced new capabilities in **Veeva Commercial Cloud** to accelerate the industry's move to intelligent customer engagement. With embedded intelligence in **Veeva CRM** and **Veeva Vault PromoMats**, Veeva is delivering sophisticated AI-driven applications so companies can engage more efficiently and effectively with customers.

Veeva Commercial Cloud unifies customer engagement with **multichannel Veeva CRM**; the right content and customer data with Veeva Vault PromoMats and **Veeva OpenData**; and a next-generation commercial data warehouse with **Veeva Nitro**.

"We are committed to helping the industry drive the most efficient and effective customer engagement with the right commercial foundation powered by AI," said Paul Shawah, senior vice president of commercial strategy at Veeva. "Veeva Commercial Cloud helps companies advance their commercial strategies and drive smarter, compliant interactions with the right customers in the right channels."

Intelligent capabilities and solutions now part of Veeva Commercial Cloud will help advance the industry's progress toward intelligent customer engagement:

- **Veeva CRM Approved Notes** leverages AI to help field reps build better customer relationships and remain compliant with every interaction. The new capability makes it easy for field reps to capture free text notes in Veeva CRM and use the power of AI to detect potential compliance risks such as off-label messaging. Veeva CRM Approved Notes is included Veeva CRM and planned for availability in 2020.
- **Veeva Vault Auto Claims Linking** is a new capability in Veeva Vault PromoMats that will help improve speed and compliance of content development. Vault Auto Claims Linking uses AI to suggest links from claims to related references, reducing the administrative burden and risk of managing claims across countries, channels, and assets. Vault Auto Claims Linking is planned for availability by the end of 2019.

In other news today, Veeva introduced new innovations in Veeva CRM, including Veeva Approved Messaging, to advance compliance and digital engagement in the life sciences industry. Read today's **Veeva CRM press release** to learn more.
