

Jeev Lifeworks

OVERVIEW

Who We Are

Jeev Lifeworks is a trusted Life Sciences technology partner specializing in Veeva Vault Safety, Clinical, Quality, and Regulatory platforms. We support pharma, biotech, and CROs of all sizes with end-to-end services spanning implementation, integration, migration, validation, and managed services.

We are:

- ISO 9001:2015 & ISO 27001:2022 certified
- Veeva-certified Services & Migration Partner
- Known for delivering high-quality, cost-effective, and scalable compliance solutions

Our strength lies at the intersection of technology excellence, regulatory rigor, and customer experience.

Our Vision Statement

“Simplify Regulatory Compliance for the Life sciences industry.”

Our Mission

We help Life Sciences organizations navigate complexity, scale with confidence, and stay inspection-ready in an ever-changing regulatory landscape by:

- Delivering **cost-efficient compliance solutions** amid rising regulatory demands
- Providing **end-to-end platforms** that connect sponsors, partners, and vendors
- Blending **technology innovation with quality by design**
- Simplifying **M&A-driven system consolidation and compliance transformation**

You gain from:

- Our team of world-class technology professionals with decades of proven experience with Life Sciences Industry.
- Competitively priced Life Sciences solutions.
- Holistic understanding of implementing and adhering to industry-standard compliance protocols.
- Our strong partnership with industry leaders.
- Our continued zeal and drive for excellence at everything we do.

Why Choose Us?

Jeev Life Works is an experienced service provider for Safety, Regulatory compliance solutions for the Life Sciences industry. Our philosophy encompasses the key tenets of technology, quality, and innovation while embracing diversity and teamwork.

Here are a few top reasons why you should engage us for your next project!

1. Exceptional Technological Expertise.

We possess a wide range of technology expertise spread over several years within the Life sciences industry. Our core strengths are migration and integration services, consulting, data security and more.

2. End-to-end systems build and maintenance.

We have the skillset to architect, build, and maintain Life Sciences systems across platforms. The systems we design are cutting-edge and cost effective while providing a mature approach to regulatory compliance practices in the industry.

3. Collaborative Approach to Projects.

We believe in the power of teamwork and collaboration to scale greater heights. Our team works closely with you to deliver world-class solutions that help your business grow and thrive. Our teams constantly raise the bar by being flexible and adaptive to challenging new situations.

4. Competitive and Flexible Pricing.

Our aim is to deliver outstanding products and services at a competitive price which is hard to beat in the market. You can choose from several pricing tiers based on your organizational requirements and budget.

5. Open Culture and Committed Leadership

Our company believes in an open culture that fosters trust and aligns us with our client's vision and values. Our company culture maintains a strong focus towards innovation and operational excellence.

6. Talented Workforce

We adhere to the highest industry standards in coding, security and best practices. Our staff comes with years of proven experience in the software and Life Sciences industry.

7. Respected Global Partnerships

We have partnered with global leader Veeva Systems Inc. to deliver outstanding Life Sciences solutions that meet the highest standards in the industry. Our team works closely with them to bring you the latest updates and practices.

8. Best Industry Tools and Practices

We use the best software and analysis tools to deliver high-quality projects. Our approach to any new project is innovative and adheres to industry best practices. We ensure that any services or integrations we provide are smooth and work seamlessly within your ecosystem.

Our Product based Services:

JSuite

JSuite is a Proprietary Solution with set of accelerators built by Jeev Lifeworks. It is a pre-validated cloud platform and provides transparency to the customer on quality and the progress. JSuite tool has been technically certified by Veeva for Veeva Vault Safety migrations.

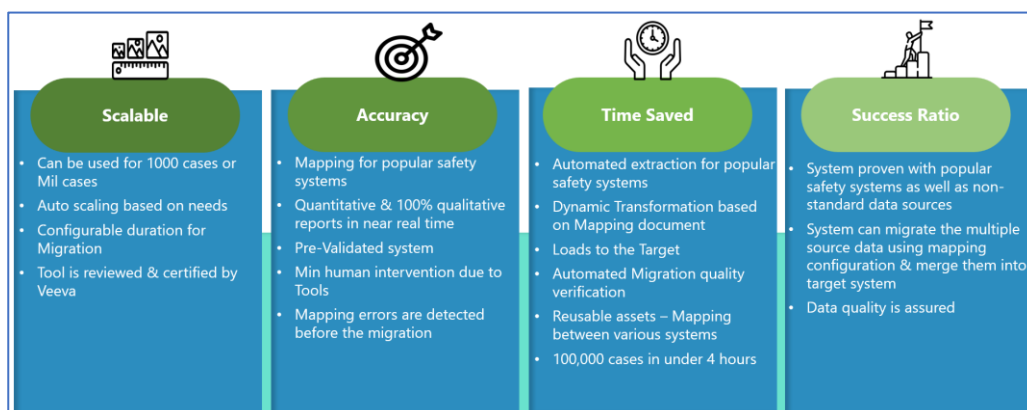

1. Data Migration

Jeev Lifeworks has disrupted the migration process with its state-of-the-art fully automated ETLV migration platform, JSuite. JSuite with its accelerators help crunch the project duration, build quality and confidence right from the first dry run.

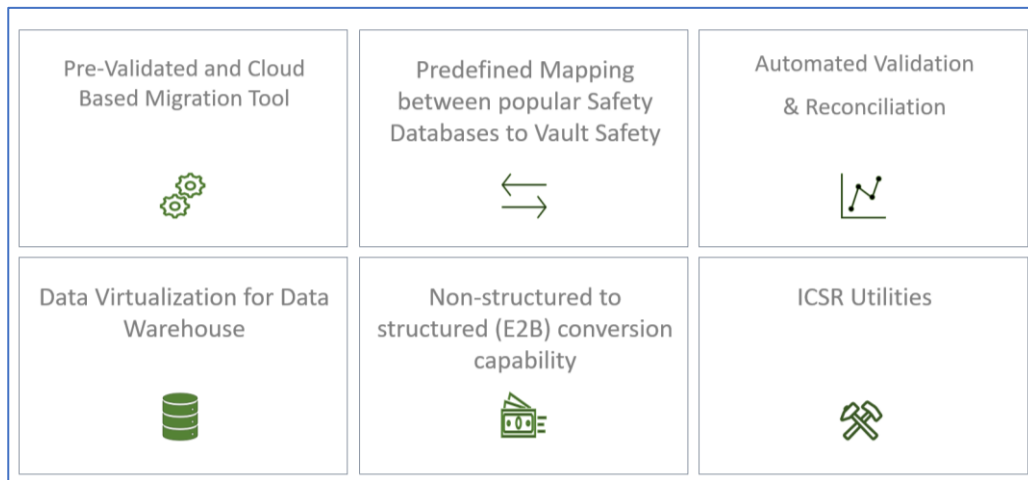

Why Jeev for Migration?

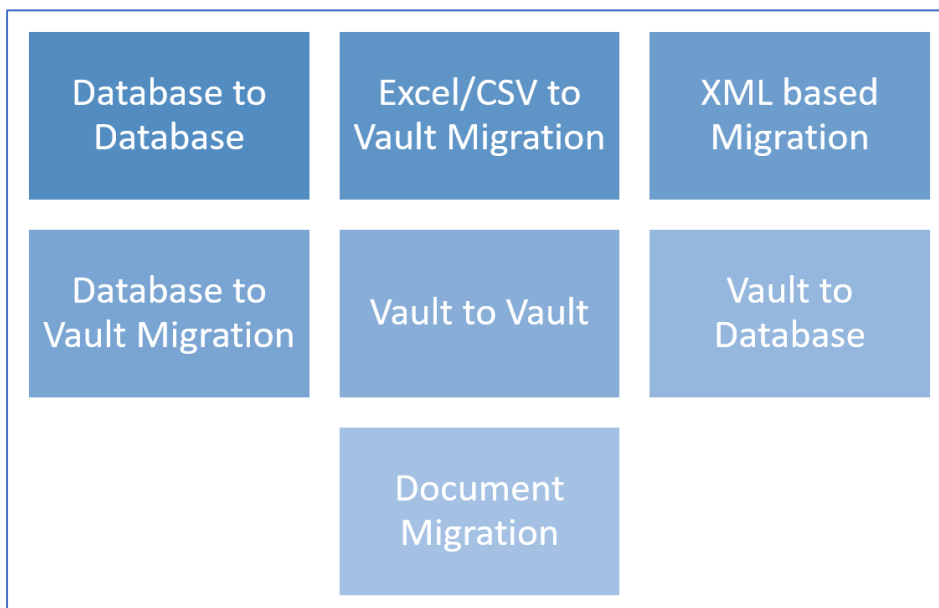

Our Strengths

Migration Accelerators that will save time & cost.

JSuite supports migration between multiple different source and target systems.

2. Vault Data Hub Support

A complementary extension to Veeva Vault Safety that enables:

- Single ETL interface for Vault used for multiple integration needs.
- Enhances the End-user experience with complemented capabilities to Vault Safety.
- Best blend of abilities of Vault Safety and Popular Visualization Tools.
- A SaaS offering that dovetail Vault Safety releases.

3. Validation Services

Our JTest module enables **fully automated validation** for Veeva Vault—without the need for coding skills.

- Business-friendly test scenario creation
- Automated execution aligned to each Vault release
- Results seamlessly stored in Veeva Document Binder
- Faster validation, lower risk, higher compliance confidence

4. JAIVIK: Agentic AI accelerating Life Sciences operations & decisions

Accelerating decision-making and operational efficiency through AI-driven capabilities:

- Narrative and data cleansing
- Assisted triage
- Auto-tagging and classification
- Knowledge base curation

Veeva Partnership:

As a **Veeva Services & Migration Partner**, we work closely with Veeva teams to ensure:

- Alignment with the latest Vault capabilities
- Best-practice implementations
- Future-ready, scalable R&D platforms

EcoVadis Bronze Badge:

Our EcoVadis Bronze recognition underscores Jeev Lifeworks' commitment to **sustainability, ethical conduct, and responsible operations**—aligned with the expectations of global Life Sciences partners.
