

Surface

The tablet that can replace your laptop.

Surface was designed for people who want to do more. With an Intel® processor, Windows Pro, and a click-in keyboard, Surface works like a laptop and runs the desktop software you rely on. When you're ready to go, close the built-in Kickstand and use the touchscreen and Surface Pen. You've got your full laptop in a beautiful, light body.

Surface 3

Surface Pro 3

Thin, light, and versatile

Surface goes anywhere your business does. With long battery life, full-size USB, and click-in keyboard, it easily switches from lightweight tablet to laptop and back again. And with Surface 3 and Surface Pro 3, you can choose the portability and power you need for your business devices, while enjoying vibrant displays and many other versatile features that come with both.

Collaborate and share

Front- and rear-facing HD cameras make it easy to connect with colleagues via Skype, take photos, or scan barcodes.

Plenty of ports

Easily connect your peripherals and transfer files via a full-size USB 3.0, microSD™ card reader, and Mini DisplayPort.

Tablet to laptop

Enjoy unmatched versatility with the built-in Kickstand and magnetic Type Cover¹.

Write naturally

For the most natural writing and drawing experience, Surface Pen² has over 250 levels of pressure sensitivity and Palm Block technology.

Powers the software you need

Surface runs desktop software like any other Windows PC. Connect with your corporate network with Windows Pro, connect to additional monitors and printers easily, and enjoy the best experience with Microsoft Office³—including Outlook, Excel, Word, PowerPoint—plus Windows Apps, while you touch, type, write, or draw with Surface Pen.

Built for business

Surface is business ready, inside and out. It runs an Intel® processor with Windows Pro, so you can expect laptop features such as easy remote management, trusted Microsoft support plus security features like BitLocker, Trusted Boot, and Windows Defender. And Surface stands up to heavy use with durable casing and impact resistant optically-bonded glass.

1. Type Cover sold separately; 2. Surface Pen sold separately with Surface 3, included with Surface Pro 3; 3. Microsoft Office sold separately

Customize your experience

Click-in keyboard

Available in a variety of colors, the keyboard doubles as a cover and provides a full typing and trackpad experience.

Dock and do more

Easily transform to a complete desktop workstation with Docking Station.

Write naturally

Write, draw, and annotate documents with the Surface Pen. It feels like a fountain pen in your hand.

Microsoft Complete for Business

Includes an extended warranty to three years, accidental damage protection, and Advanced Exchange for quicker replacement.

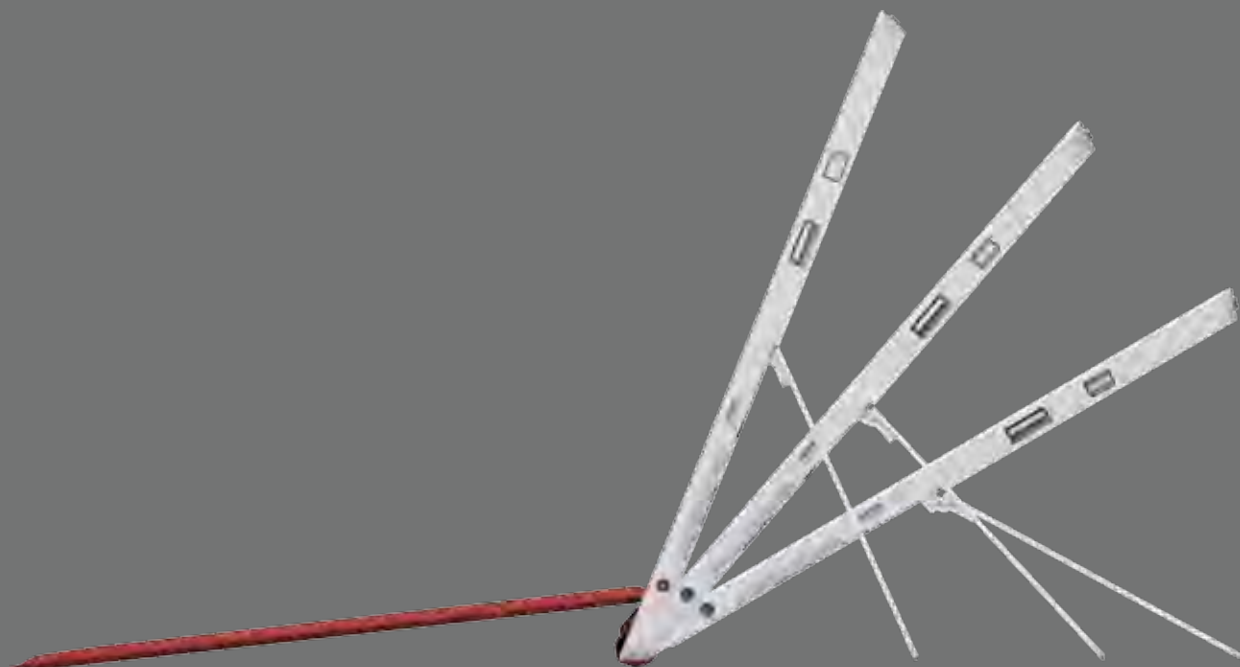

4G LTE⁴

No Wi-Fi? No problem. Stay connected with 4G LTE. Available on Surface 3.
