## Alvotech Selects Veeva Vault QMS to Modernize Quality Processes

*Biopharmaceutical company to unify quality management on a single platform  
for greater efficiency and compliance*

**PLEASANTON, CA — Sep. 4, 2019** — **Veeva Systems** (NYSE:VEEV) today announced that Alvotech selected **Veeva Vault QMS** to streamline quality processes across the organization with improved efficiency and compliance. Alvotech's adoption of Vault QMS builds upon the company's success with **Veeva Vault QualityDocs** for document management and control.

Alvotech required an easy to use system that would eliminate manual processes and support compliance. With **Veeva Vault Quality Suite**, Alvotech can reduce overhead while providing visibility into quality processes across the organization. As a fast-growing business, Alvotech also chose Vault Quality Suite for greater agility and scalability to meet changing needs of the business.

"As a company on the forefront of manufacturing technology, Alvotech is committed to maintaining its cutting-edge approach towards how we manage our quality systems," said Jonas B. Hauksson, senior director of quality management at Alvotech. "Unifying quality processes on a single cloud platform will replace manual operations with modernized systems that are easy to use and flexible."

"Alvotech is a great example of how organizations are modernizing critical business functions like quality," said Mike Jovanis, vice president of Vault Quality at Veeva. "Veeva is proud to team with Alvotech to unify their quality processes and create the foundation for a harmonized quality system."

Vault Quality Suite helps streamline business processes and content across global sites, suppliers, contract manufacturers, and other partners to speed workflows for greater efficiency.

Learn how Vault Quality Suite is enabling organizations to modernize quality management at the upcoming **Veeva R&D Summit**, Sept. 8-10, 2019 in Philadelphia, PA.
