## How to Join a Veeva CRM Engage Meeting from a Mac

## Viewing an Engage Meeting Invitation Email

- From your email inbox, open the Engage Meeting invitation.
- Click the meeting link.

## Joining Engage Meeting via a Browser

- When joining from your Mac for the first time, Engage Meeting will attempt to launch from your default browser. Supported browsers include:
  - Google Chrome
  - Edge Chromium
  - Firefox
  - Safari
- If you are using a supported browser, you will be prompted to "Input your name to join the meeting."
- If you are NOT using a supported browser, you will be prompted to join via a supported browser.
